gratuity earned by convicts released was Rs.1-9-9 against Re.0-15-3 in the year 1921.

23. Statement No. XVIII. Undertrial prisoners.

At the beginning of the year, there remained in the two Jails, 132 prisoners of this class. There were 1059 new admissions making a total of 1191. Among the daily average number of 886 convicts, 818 or 92·32 per cent were available for work, the rest being either convicts undergoing simple imprisonment sick and convalescent or infirm or those that could not be employed for other reasons. This is mainly due to the less daily average number of prison population during the year and consequently the cost per head in the Jails fell from Rs. 129-9-3 in 1921 to Rs. 124-13-7 during the year under report.

27. Cash Earnings

was that a sum of Rs. 19380-8-3 was realized as revenue ag Rs. 20899-15-6 during the year 1921. The average cash earnings per head of working convicts fell from Rs.24-3-11 in 1921 to Rs. 23-11-1 in the year under report. The decrease in the cash earnings is due to the less number of convicts employed on manufactures and also to less number of sales effected in the Manufacture department of the jails.

28. Net cost of prisoners. Statement No.XIII.

The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 124556-13-5 as mentioned in para 26 above. If the total cash earnings of Rs. 19380-8-3 is deducted from this amount, the net cost of maintenance comes to Rs.105176-5-2 or Rs. 105-7-6 per head against a net cost of Rs. 118957-9-5 or 110-3-5 per head in the year 1921.

29. The proposals submitted by me to Government in the matter of decreasing the expenditure and increasing the income in the Manufacture Departments of both the Jails is pending the sanction of Government. The rate of 2 annas per diem per prisoner charged in respect of convicts employed on extramural labour was altered into 4 annas during the year under report as per Government Order No.P.1115-20/ Pris 72-21-3 dated 16th August 1922, but still it is not even half of what an ordinary unskilled cooly gets outside the Jail.

There was no over crowding in any of the Jails and Lo of the State during the year under report.

Thorough separation of Habituals from Casuals and Juveniles from Adults both day and night could not be effected owing to the want of separate and isolated buildings for the purpose.

53. Statement No. B. Condition of Convicts discharged.

The total number of convicts discharged during the year was 3740 against 3666 in 1921. Of these 1657 convicts who were released from the Lock-ups were not weighed as the system of weighme is not in force in Lock-ups. Out of the remaining 2083 convicts who were released from Jails 705 had gained weight, 438 had lost weig and the remaining 940 had neither gained nor lost.

54. In the arrangements for drainage and conservancy, there was no change in any of the Jails and Lock-ups of the State during the year under report.

55. Diet. .

Articles of diet as per scales prescribed in the Jail and Lock-up Manuals were issued to the prisoners confined in the Jails and Lock-ups of the State during the year under report; the tender system being followed as usual in procuring the articles of diet.

56. Water Supply.

Water required for the use of prisoners in the two Jails at Bangalore and Mysore and at the Lock-ups at Kolar, Kolar Gold-Fields, Chikmagalur, Harihar and Chitaldrug is obtained from the Pipe system of the water supply department but in other Lock-ups, it is drawn from the wells situated in or near the compounds of the Lock-ups concerned. The water used is wholesome but an abundant supply could not be had in the Bangalore Central and Mysore Jails, as the quantity allowed free of cost is only 12½ gallons per prisoner per day as per Government Order No. 4541-3/Pris 28-20-15 dated 28th March 1922. The accumulation of arrears for excess water charges since the year 1914 up-to-date could not be adjusted for want of funds in the Jail Budget.

57. Clothing and Bedding.

Clothing and Bedding were issued to convicted prisoners according to the seasonal requirements and rules in force.

58. Religious and Moral Instructions in Jails.

Religious teachers of different denominations were as usual allowed to hold religious classes in the Jails on every Sunday for prisoners of their respective persuation and the arrangement worked satisfactorily during the year under report. The appointment of a whole time teacher for teaching adult convicts in the Bangalore Central Jail was put off till next ...

59. The Central Jail at Bangalore, the District Jail at Mysore, Six District Lock-ups, 1 Special Lock-up and 47 Taluk Lock-ups altogether 56 Institutions out of 80 were inspected by me once in detail during the year under report. The total number of Lock-ups inspected by the District Magistrates of all Districts is 50.

60. Official Visitors.

No Official Visitors paid any visits to the Jails and Lock-ups in the State, during the year under report except the District Magistrate of Civil and Military Station, who visited the Bangalore Central Jail, once during the year.

61. Non-Official Visitors.

Rev. George Wilkins, the Non-Official Visitor of the Bangalore Central Jail, visited the Jail once during the year. The other Non-official visitors of the Bangalore Central Jail and those of the Mysore Jail did not pay any visits at all to the respective Jails during the year under report. It is therefore highly desirable to appoint only such gentlemen who really take interest in the welfare of the prisoners as Non-Official Visitors of Jails in future.

62. The most important event of the year under report was that 96 prisoners were released from the Jails and Lock-ups of the State on 19th January 1922 in honour of the visit of His Royal Highness the Prince of Wales to the Mysore State and those who were not released but were in confinement on the said date were granted suitable remissions of sentences.

63. Proposals for adopting such of the recommendations of the Indian Jails Committee as are suited to our State Jails and Lock-ups have been called for from the Superintendents of Jails for submission to Government.

64. The Staff of my Office has worked satisfactorily during the year.

65. On the whole the health, discipline and conduct of prisoners were good thrcughout the year.

I have the honcur to be,

Sir,

Your most obedient servant,

J. B. Mylhagan

Inspector-General of Prisons.

Letter No. 728-10-23 dated 26th April 1923 from the Inspector General of Prisons in Mysore submitting the report on the administration of Jails and Lock-ups in the State for the calendar year 1922.

Order No. P. 11557-66

Dated, Bangalore 16th June 1923.

Recorded.

2. The outstanding event of the year was the release of 149 (96) convicts and the grant of liberal remissions to all other convicts in honour of the visit of H.R.H. The Prince of Wales to the State.

3 The recommendation of the Special Finance Committee to disc the extra-mural employment of convicts was found not quite pract It was however, decided ~~possible~~ to curtail the expenditure involved in system. ~~Government have therefore~~ by stopping the supply of convict to some places and reducing the number of convicts sent to others sals of the I.G. of Prisons ~~to~~ with immediate effect proportionately reduce the warde tablishment ~~is~~ are under consideration of Government.

number of admissions during the past four years. There is a similar decrease observable in the number of undertrial prisoners f

8,311 in 1920 and 4,728 in 1921 to 3,801 for the year under review. Recommittals show a slight increase from 284 in 1921 to 307 in 1922.

5. The number of juvenile offenders sho an appreciable increase, from 63 to 78, of whom 9 were recommittals. In regard to the first offenders among juveniles the conviction in most cases was for theft and in a few instances for trespass and offences against Municipal or local laws. The attention of the Magistrates is drawn to the desirability of dealing with such cases whenever possible under Section 562 of the Criminal Procedure Code.

6. The health of the prisoners both in the Jails and Lock-ups was good and the year's mortality quite normal. In fact the condition of the prisoners when discharged from prison, was in the majority of cases, better than [illegible] sion.

7. Realisations from the employme convicts in the Jails on remunerative labour show a slight decrease -(R$ 19,380-8-3 against R$ 20,899-15-6)- said to be due to the smaller number of convicts employed in manufactures, and to the fall in the sales effected in the Manufacture Department. The activities of the Department had to be slackened for a few months, for want of sufficient provision in the budget to undertake manufacture on a large scale. The average cash earnings thus show a decline from R$ 24-3-11 to R$ 23-11-1 per

shows a slight fall from Rs 139,8[illegible]7-8-11 in 1921 to Rs 124,856-13-5 in 1922, due mainly to the smaller daily average number of prison population. The cost per head fell from Rs 129-9-3 to Rs 124-13-7 for the same period; and if cash earnings are deducted from Rs 110-3-6 to Rs 105-7-6. Compared with this, there has been a persistent and abnormal rise in the figures for the Lock-ups where the average cost has risen from Rs 107 per head in 1919 to Rs 154 in 1920, Rs 166 in 1921, to Rs 171-6-7 this year, ~~is a state of affairs which is far from satisfactory.~~ The cost in Kadur was as high as Rs 600-7-1. As pointed out last year the Government are inclined to think that the increase cannot altogether be attributable to rise in the price of foodstuffs, as prices have actually fallen, but that the arrangements in vogue for the purchase of articles and for the control of expenditure are probably defective. The Inspector General who was instructed last year to investigate the matter is requested to submit a special report on the subject within 3 months.

9. Government are glad to note that the weekly religious classes for convicts were regularly conducted in the two Jails. Provision has been made in the budget for a teacher to impart education to illiterate juvenile convicts.

10. The inspection of Lock-ups has not received sufficient attention. The rules require that every Lock-up should be inspec

>y the Inspector General once a year, and by
.he District Magistrate concerned every six
:onths. The Inspector General inspected 56
nstitutions out of 80, and all the District
agistrates together inspected only 50 Lock-
ps. The work of the District Magistrates
n this direction is particularly unsatis-
actory. It is also disappointing that no
x-officio visitors, except the District
agistrate of the Civil & Military Station,
isited either the Jails or the Lock-ups.
nong non-official visitors also, no one
ith the exception of Rev. George Wilkins,
aid any visit to the Jails. Government
gree with the Inspector General that only
uch gentlemen as take real interest in the
>lfare of the prisoners, need be appointed
>n-official visitors in future. It is to
> regretted that the educated public continue
> show but little interest in the welfare of
ie released prisoners. The Government will
> glad if the matter is taken up by the Civic
id Social Service Association, who it is under-
:ood have on their programme an item directed
>wards the aid of released prisoners. An
:tempt to interest the City Municipalities in
iis kind of work has not yet materialised.

11. Superintendents of the Jails should be
quested to expedite their proposals for adopt-
g such of the recommendations of the Indian
.ils Committee as are suited to the Jails and
ck-ups in Mysore. Government note the
marks of the Inspector General in regard
the condition of the Central Jail buildings.
e present financial position, does not however,

permit ~~of~~ the immediate undertaking of any costly building programme.

12. ~~On the whole,~~ the administration of ~~the Department~~ was satisfactory.

Administration of the Jails and Lock-ups.

Reviews the report on the —— for the calendar year 1922.

Letter No. 728-10-23, dated 26th April 1923, from the Inspector-General of Prisons in Mysore, submitting the Report on the Administration of Jails and Lock-ups in the State for the calendar year 1922.

ORDER NO. P. 11557-66—PRIS. 74-22-3, DATED 16TH JUNE 1923.

Recorded.

2. The outstanding event of the year was the release of 149 convicts and the grant of liberal remissions to all other convicts in honour of the visit of His Royal Highness the Prince of Wales to the State.

3. The recommendation of the Special Finance Committee to discontinue the extra-mural employment of convicts was found not quite practicable. It was, however, decided to curtail the expenditure involved in this system by stopping the supply of convict labour to some places and reducing the number of convicts sent to others. The proposals of the Inspector-General of Prisons in the matter of effecting proportionate reduction of the warder establishment are under consideration of Government.

4. The number of prisoners of all classes admitted to the Jails and Lock-ups in the State and the daily average of prison population during the year under review were 7,589 and 1208·52 against 8,552 and 1327·35 respectively in the previous year. Admissions for 1920 numbered 12,034 and for 1919, 13,878. There has thus been a gradual and satisfactory fall in the number of admissions during the past four years. There is a similar decrease observable in the number of under-trial prisoners from 8,311 in 1920 and 4,728 in 1921 to 3,801 for the year under review. Re-committals show a slight increase from 284 in 1921 to 307 in 1922.

5. The number of juvenile offenders shows an appreciable increase, from 63 to 78, of whom 9 were re-committals. In regard to the first offenders among juveniles the convictions in most cases was for theft and in a few instances for trespass and offences against Municipal or local laws. The attention of the Magistrates is drawn to the desirability of dealing with such cases whenever possible under Section 562 of the Criminal Procedure Code.

6. The health of the prisoners both in the Jails and Lock-ups was good and the year's mortality quite normal. In fact the condition of the prisoners when discharged from prison, was, in the majority of cases, better than on admission.

7. Realisations from the employment of convicts in the Jails on remunerative labour show a slight decrease (Rs. 19,380-8-3 against Rs. 20,899-15-6) said to be due to the smaller number of convicts employed on manufactures, and to the fall in the sales effected in the Manufacture Department. The activities of the Department had to be slackened for a few months, for want of sufficient provision in the budget to undertake manufacture on a large scale. The average cash earnings thus show a decline from Rs. 24-3-11 to Rs. 23-11-1 per convict.

8. In the two Jails, the total expenditure shows a slight fall from Rs. 139,857-8-11 in 1921 to Rs. 124,566-13-5 in 1922, due mainly to the smaller daily average number of prison population. The cost per head fell from Rs. 120-0-3

to Rs. 124-13-7 for the same period; and if cash earnings are deducted, from Rs. 110-3-5 to Rs. 105-7-6. Compared with this, there has been a persistent and abnormal rise in the figures for the Lock-ups where the average cost has risen from Rs. 127 per head in 1919 to Rs. 154 in 1920, Rs. 166 in 1921, to Rs. 171-2-7 this year. The cost in Kadur was as high as Rs. 600-7-1. As pointed out last year the Government are inclined to think that the increase cannot altogether be attributable to rise in the price of foodstuffs, as prices have actually fallen, but that the arrangements in vogue for the purchase of articles and for the control of expenditure are probably defective. The Inspector-General who was instructed last year to investigate the matter is requested to submit a special report on the subject within three months.

9. Government are glad to note that the weekly religious classes for convicts were regularly conducted in the two Jails. Provision has been made in the budget for a teacher to impart education to illiterate juvenile convicts.

10. The inspection of Lock-ups has not received sufficient attention. The rules require that every Lock-up should be inspected by the Inspector-General once a year, and by the District Magistrate concerned every six months. The Inspector-General inspected 56 institutions out of 80, and all the District Magistrates together inspected only 50 Lock-ups. The work of the District Magistrates in this direction is particularly unsatisfactory. It is also disappointing that no *Ex-officio* visitors, except the District Magistrate of the Civil and Military Station, visited either the Jails or the Lock-ups. Among non-official visitors also, no one, with the exception of Rev. George Wilkins, paid any visit to the Jails. Government agree with the Inspector-General that only such gentlemen as take real interest in the welfare of the prisoners, need be appointed non-official visitors in future. Government will be glad if the matter is taken up by the Civic and Social Service Association who, it is understood, have on their programme an item directed towards the aid of released prisoners.

11. Superintendents of the Jails should be requested to expedite their proposals for adopting such of the recommendations of the Indian Jails Committee as are suited to the Jails and Lock-ups in Mysore. Government note the remarks of the Inspector-General in regard to the condition of the Central Jail buildings. The present financial position, does not, however, permit of the immediate undertaking of any costly building programme.

The administration of the Prisons in Mysore requires greater attention and supervision on the part of the Inspector-General of Prisons.

2. *Divisions.*—The report is divided into three parts; *viz*:—

Part I dealing with two Jails at Bangalore and Mysore.
Part II dealing with Lock-ups.
Part III containing observations on the General Administration of the Department.

3. *Classes of Jails and Lock-ups.*—The number of Jails and Lock-ups remained the same as in previous years and they are as follows:—

One Central Jail at Bangalore.
One District Jail at Mysore.
Six District Lock-ups at the headquarter towns of districts except Bangalore and Mysore.
One Special Lock-up at Champion Reefs, Kolar Gold Fields.

4. The Administration of the Department was under my charge throughout the year under report.

PART I.

JAILS AT BANGALORE AND MYSORE.

5. *Buildings and accommodations.*—As already reported in my previous Administration Reports, the Central Jail buildings at Bangalore are very old and dilapidated and require constant repairs. 25. *Statement Nos. XI and XII.—Employment of convicts.*—Among the daily average number of 886 convicts, 818 or 92·32 per cent were available for work, the rest being either convicts undergoing simple imprisonment, sick and convalescent or infirm or those that could not be employed for other reasons. year. This is mainly due to the less daily average number of prison population during the year and consequently the cost per head in the Jails fell from Rs. 129-9-3 in 1921 to Rs. 124-13-7 during the year under report.

27. *Cash earnings.*—The result of employment of convicts on remunerative labour was that a sum of Rs. 19,380-8-3 was realised as revenue against Rs. 20,899-15-6 during the year 1921. The average cash earnings per head of working convicts fell from Rs. 24-3-11 in 1921 to Rs. 23-11-1 in the year under report. The decrease in the cash earnings is due to the less number of convicts employed on manufactures and also to less number of sales effected in the Manufacture department of the Jails.

28. *Statement No. XIII.—Net cost of prisoners.*—The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 1,24,556-13-5 as mentioned in para 26 above. If the total cash earnings of Rs. 19,380-8-3 is deducted from this amount, the net cost of maintenance comes to Rs. 1,05,176-5-2 or Rs. 105-7-6 per head against a net cost of Rs. 1,18,957-9-5 or Rs. 110-3-5 per head in the year 1921.

29. The proposals submitted by me to Government in the matter of decreasing the expenditure and increasing the income in the Manufacture Departments of both the Jails is pending the sanction of Government. The rate of two annas per diem per prisoner charged in respect of convicts employed on extra mural labour was altered into four annas during the year under report as per Government Order No. P. 1115-20—Pris. 72-21-3, dated 16th August 1922; but still it is not even half of what an ordinary unskilled cooly gets outside the Jail.

PART II.

Lock-ups.

30. The Lock-ups in the State remained the same as in previous years.

The six District Lock-ups and the Special Lock-up at Champion Reefs (Kolar Gold Fields) have got their own guarding establishments but all the rest are guarded by the Police and the dual control is very unsatisfactory in the maintenance of proper discipline among the prisoners.

31. The table given below shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the State during the year under report.—

Jails and Lock-ups of the State.—7589 prisoners were admitted, 7,804 were discharged from all causes and 1,195 remained in confinement at the end of the year. The daily average number of prisoners was 1,208·52 against 1,327·35 in the previous year.

47. Mr. Mahomed Obeidulla was in executive and general charge of the Bangalore Central Jail throughout the year except for twenty days in the month of January when Dr. S. Narayana Ro, acted for him and Drs. S. Narayana Rao and G. David were in Medical charge of the Institution, the former from 1st January to 2nd May 1922 and the latter from 3rd May 1922 to the end of the year, respectively.

Dr. B. K. Narayana Rao was in General and Medical charge of the Jail at Mysore from 1st January to 15th August 1922 and Dr. K. Srinivasachar from 16th August 1922 to the end of the year.

48. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The total number of deaths of all classes of prisoners being 9 against 14 in the previous year. Out of 9 deaths, 4 were convicts and 5 were undertrial prisoners.

49. The 4 deaths among convicts were all in the Bangalore Central Jail due to the following causes :—

1 due to Tubercle of the lungs.
2 due to Pneumonia, and
1 due to Asthma and Dysentry.

The percentage of deaths among convicts in the Bangalore Central Jail was ·53 for the year in comparison with the daily average number of prisoners.

50. Out of 5 deaths among undertrial prisoners, 3 occurred in the Bangalore Central Jail, 1 in Mysore Jail and 1 in the District Lock-up at Shimoga.

51. *Statement Nos. XVI and XVII.—Mortality among convicts according to the length of original sentence and the time passed in the Jail.*—Of the 4 deaths among convicts, 3 occurred among those who were undergoing sentences not exceeding six months and one among those whose sentence did not exceed one year and all the 4 deaths occurred within six months after their admission into the Jail.

52. *Accommodation.*—There was no overcrowding in any of the Jails and Lock-ups of the State during the year under report.

Thorough separation of Habituals from Casuals and Juveniles from Adults, both day and night, could not be effected owing to the want of separate and isolated buildings for the purpose.

53. *Statement No. B.—Condition of convicts discharged.*—The total number o convicts discharged during the year was 3,740 against 3,666 in 1921. Of thes 1,657 convicts who were released from the Lock-ups were not weighed as th system of weighment is not in force in Lock-ups. Out of the remaining 2,08 convicts who were released from Jails, 705 had gained weight, 438 had lost weigh and the remaining 940 had neither gained nor lost.

54. In the arrangements for drainage and conservancy, there was no chang in any of the Jails and Lock-ups of the State during the year under report.

55. *Diet.*—Articles of diet as per scales prescribed in the Jail and Lock-u Manuals were issued to the prisoners confined in the Jails and Lock-ups of the Stat during the year under report; the tender system being followed as usual in procu ing the articles of diet.

56. *Water-Supply.*—Water required for the use of prisoners in the two Jails a Bangalore and Mysore and at the Lock-ups at Kolar, Kolar Gold Fields, Chikmaga lur, Haribar and Chitaldrug is obtained from the pipe system of the Water-suppl Department but in other Lock-ups, it is drawn from the wells situated in or near th compounds of the Lock-ups concerned. The water used is wholesome but an abundan supply could not be had in the Bangalore Central and Mysore Jails, as the quantit allowed free of cost is only 12½ gallons per prisoner per day as per Governmer

Order No. 4541-3—Pris. 28-20-15, dated 28th March 1922. The accumulation of arrears for excess water charges since the year 1914 up to date could not be adjusted for want of funds in the Jail Budget.

57. *Clothing and Bedding.*—Clothing and bedding were issued to convicted prisoners according to the seasonal requirements and rules in force.

58. *Religious and Moral Instructions in Jails.*—Religious teachers of different denominations were as usual, allowed to hold religious classes in the Jails on every Sunday for prisoners of their respective persuation and the arrangement worked satisfactorily during the year under report. The appointment of a whole time teacher for teaching adult convicts in the Bangalore Central Jail was put off till next year.

59. The Central Jail at Bangalore, the District Jail at Mysore, 6 District Lock-ups, 1 Special Lock-up and 47 Taluk Lock-ups altogether 56 Institutions out of 80 were inspected by me once in detail during the year under report. The total number of Lock-ups inspected by the District Magistrates of all districts is 50.

60. *Official Visitors.*—No Official Visitors paid any visits to the Jails and Lock-ups in the State, during the year under report except the District Magistrate of Civil and Military Station, who visited the Bangalore Central Jail, once during the year.

61. *Non-Official Visitors.*—Rev. George Wilkins, the Non-official Visitor of the Bangalore Central Jail, visited the Jail once during the year. The other Non-official visitors of the Bangalore Central Jail and those of the Mysore Jail did not pay any visits at all to the respective Jails during the year under report. It is therefore highly desirable to appoint only such gentlemen who really take interest in the welfare of the prisoners as Non-official Visitors of Jails in future.

62. The most important event of the year under report was that 96 prisoners were released from the Jails and Lock-ups of the State on 19th January 1922 in honour of the visit of His Royal Highness the Prince of Wales to the Mysore State and those who were not released but were in confinement on the said date were granted suitable remissions of sentences.

63. Proposals for adopting such of the recommendations of the Indian Jails Committee as are suited to our State Jails and Lock-ups have been called for from the Superintendents of Jails for submission to Government.

64. The Staff of my Office has worked satisfactorily during the year.

65. On the whole, the health, discipline and conduct of prisoners, were good throughout the year.

I have the honour to be,
Sir,
Your most obedient servant,
H. B. MYLVAGANAM,
Inspector-General of Prisons.

Dated 26th April 1923.
